

Coke demand in the world on a high level  
– in the past and in the future!

Many projects for extension and replacement  
of coking plants

Already in 2003, German medium sized  
companies active in coking technologies took  
the decision for a collaboration

The competences of these companies cover  
all operational areas of coking plants

Process design – engineering – fabrication –  
procurement – construction – commissioning  
start up – operation assistance

#### **Targets:**

Handling of turn key projects

Know-how of operating companies´  
manpower

Extensive experience in designing,  
engineering and manufacturing of various  
facilities in coking plants

**Please contact the group or any member**  
**company directly!**

#### **Members:**

**AUMUND Fördertechnik GmbH**  
Saalhofer Str. 17, 47495 Rheinberg

## Coal preparation / Coke handling

### **AUMUND**

- Coal/Coke Conveying and Extraction
- Hot Coke Handling

### **Küttner HuDe**

- ♦ Coke Screening
- ♦ Coal Mixing Bed
- ♦ Coal/Coke Transportation

### **RSI**

- ♦ Steel Structure Construction
- ♦ Conveying Systems

## Coke Oven Service Machines

### **Küttner HuDe**

- ♦ Machines for Stamping, Charging and Pushing
- ♦ Coke Transfer Car
- ♦ Charging Gas Transfer System

## Coke Oven Batteries - Accessories

### **Beroa**

- ♦ Refractories
- ♦ Erection and Maintenance of Refractories

### **Pleiger**

- ♦ Hydraulic Systems
- ♦ Reversing and Stopper Cocks

## Gas Treatment & By-product Plants

### **SPG Steiner**

- ♦ Gas Treatment Plants
- ♦ By-Products Plants
- ♦ Desulphurisation
- ♦ Benzene Production

### **RSI**

- ♦ Special Piping
- ♦ Steel Construction

## Emission Control / Dedusting Systems

### **CFH**

- ♦ Filter Systems
- ♦ Dry Dedusting
- ♦ Air Purification
- ♦ Piping Systems

### **Küttner HuDe**

- ♦ Individual Dedusting for Service Machines
- ♦ Exhausting Facilities

## Process Automation

### **Küttner HuDe**

- ♦ Automation of Coke Oven Service Machines

### **Küttner HuDe**

- ♦ Information Management
- ♦ Process Controlling
